DESCRIPTION

The revolutionary **Hobby System by Dosatron** is a modular, multi-pump system ideal for home and hobby growers. The **Hobby System** leverages Dosatron's unique, water-powered dosing technology to deliver the optimum blend of nutrients and additives directly to your plants.

The system can be customized by adding any combination of the following:

- Single Doser(s)
- Monitor Kit
- Starter Kit
- Water Hammer Arrestor Kit
- Mixing Chamber Kit

To simplify the buying process, we also offer system bundles so you can choose the right combination for any feed chart or nutrient recipe.

Below are some examples:

- 4-pump system with 2 additional dosers and a monitor kit
- 4-pump system with 2 additional dosers
- 4-pump system with a monitor kit
